Re: Ranger Concrete Contractors, LLC.

To Whom It May Concern:

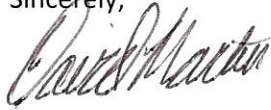

Please accept the following letter of recommendation for Ranger Concrete Contractors, LLC.

SBS Construction has had the pleasure of working with Ranger Concrete on multiple construction projects in the past. On each project they have demonstrated the ability to perform quality concrete work on schedule and at a competitive price. Ranger's staff is professional, experienced in the business and a pleasure to work with. They approach each project with a team mindset, and are quick to find solutions to problems that come up during the course of construction.

I am currently in the finishing stages on a project in which Ranger performed the concrete work. This project experienced exceptionally bad weather during the foundation phase, and if it weren't for Ranger's determination and ability to adapt to the circumstances, this project would be several weeks behind schedule. Instead, we look forward to completing this project on schedule thanks in part to Ranger's efforts.

I am confident that Ranger Concrete would be an asset on any project and that you will be very satisfied with their work. I would highly recommend them and I personally look forward to working with them again in the future. If you have any questions, please feel free to contact me at (210) 616-6060.

Sincerely,

A handwritten signature in black ink that reads "David Martin". The signature is written in a cursive style with a large, prominent "D" and "M".

David Martin  
Project Manager
